

# Foundation for Modern {BIO} progressive Orthodontics

## BIOPROGRESSIVE CONTINUING EDUCATION COURSE

### Course Objectives:

The participant will receive basic / advanced knowledge to perform Bioprogressive Therapy Philosophy possibilities on their practices. Theory and Practice (Typodont-Laboratory) classes will be given. At the end of the full program the participant will be able to diagnosis and to deliver a treatment plan accordingly to the Bioprogressive Therapy Principles. Customize each treatment and choose the appropriate mechanics to each case, Sectional, Segmented or Straight Wires.

Additional Techniques will be taught (MEAW/GEAW).

### Certification:

A joint certificate from the Foundation for Modern Bioprogressive Orthodontics and the Department of Orthodontics, University of Illinois at Chicago, will be awarded to the participant at the completion of the two-module or advanced course .
